You are invited to cooperate with **VIZ-ART AUTOMATION**, a manufacturer of lifts for projectors and TV sets and multiple use projection screens. Our manufacturing is based on our own designs dictated by the recent needs and trends of the global audiovisual market. Our newest design is INFINITY iPad Frame, used for wall mounting an iPad that runs an intelligent home system. We also design OEM products for our business partners.

Manufacturing at VIZ-ART AUTOMATION meets the highest expectations of customers. We use the best quality components to ensure that our lifts and screens operate reliably and please our users and business partners.

We are looking forward to doing business with you.

## INFINITY - iPad frame

**INFINITY iPad Frame**, a device used for wall mounting an iPad that runs an intelligent home system. Allows you to embed your iPad completely in the wall. Only a stylish frame in a chosen color will be visible against the surface.

**Compatibility:** iPad Air 2 with Lightning Connector

**Easy installation:** Mounted in a wall niche, leaving only a stylish glass frame visible. A reliable mounting method which ensures that your iPad remains safe and stable.

**Colors:** The INFINITY iPad Frame is available in white and black to match the iPad color.

Simple in design

Simple in use

**Applications:** Easy to mount either horizontally or vertically. A perfect alternative for all smart home control touch screens. Can be integrated in residential, home and commercial settings.

**Power:** Your iPad can be powered by the original Apple cable, never running out of battery. A Lighting Connector cable is included.

**Security:** A magnetic flap prevents the iPad Frame from being accidentally opened.

**Ease of use:** You can lift up the INFINITY iPad Frame at any time to remove the iPad and sit down comfortably on a couch. When you insert the iPad back into the frame, it resumes its functions as an intelligent home monitoring device.
