

UP-SCREEN

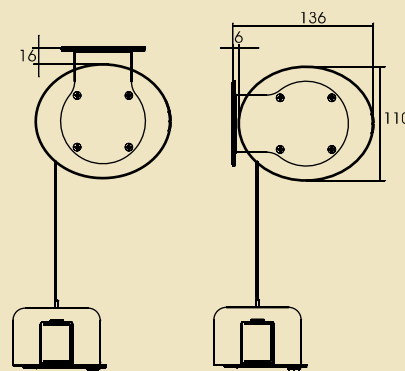

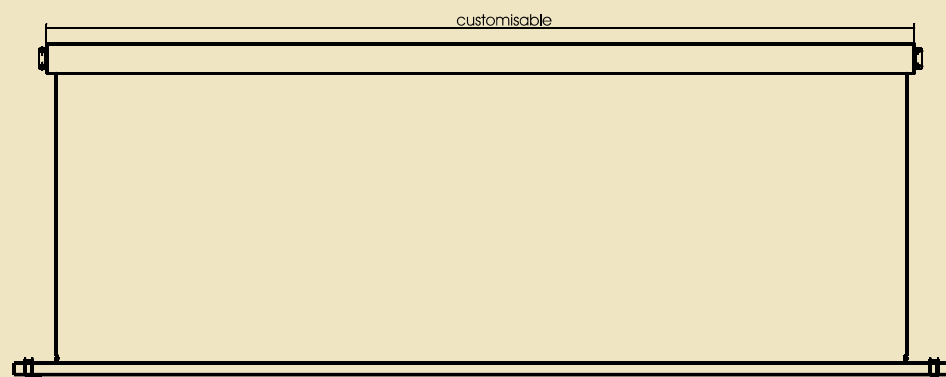

Advantages of the screen: It lowers the screen to the comfort position even in the highest interiors. Automatic winder of a power cable and a SOMFY engine guarantee long-lasting and stable functioning.

Functionality: Customisable lowering range; width- adjusted to the order- full personalization, elliptic aluminium housing, SOMFY engine with 5-year warranty. Control: remote control IR, RF, Trigger and RS232.

Lifts are able to lower projection screens to the level where they can be used even in very high interiors. A screen is lowered during its usage.

UP-SCREEN	
Casing	aluminium, silver, elliptical shape (option: others)
