

# V-LIFT

WWW.VIZ-ART.EU

**Advantages of the lift:** chosen for spaces arranged by designers, in which the TV is to be visible only for the time programs are being watched (e.g. in EIB systems).

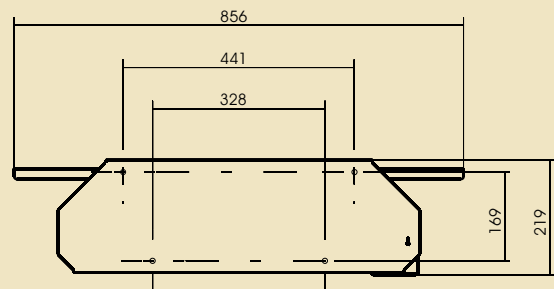

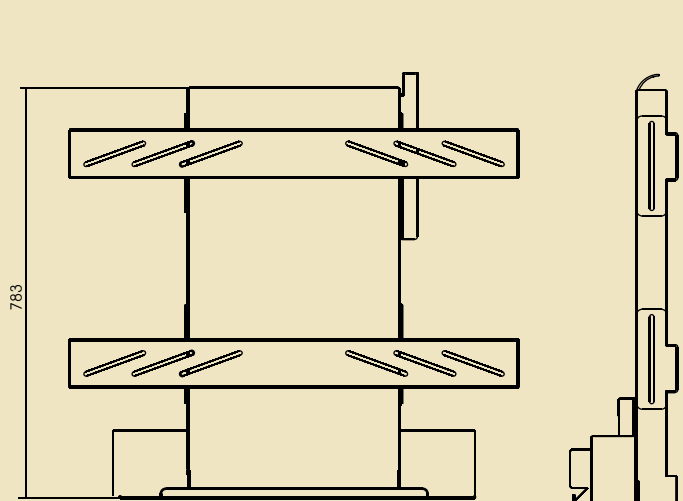

**Functionality:** large lifting capacity; easy installation in a piece of furniture or wall; comfort of use; control options: IR, RF remote control, Trigger, RS232 port, 230V power supply.

Vertical lift that slides the television set out from a piece of furniture or the ceiling, also recommended for intelligent home systems. Reliability, easy installation and control via RS232 make it attractive and comfortable to use.

## V-LIFT

TV dimensions range	max TV height 69cm
Capacity [kg]	70
Own weight [kg]	36
Extension [mm]	710
Installation	<ul style="list-style-type: none"> <li>furniture</li> <li>wall</li> </ul>
Dimensions [mm]	W - 856 D - 214 H - 783
The dimensions of the mobile assembly [mm]	W - 405 D - 77 H - 783
