

F-LIFT

WWW.VIZ-ART.EU

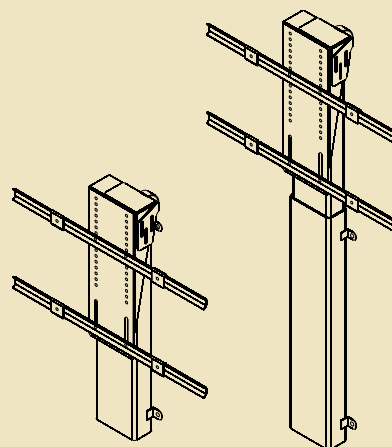

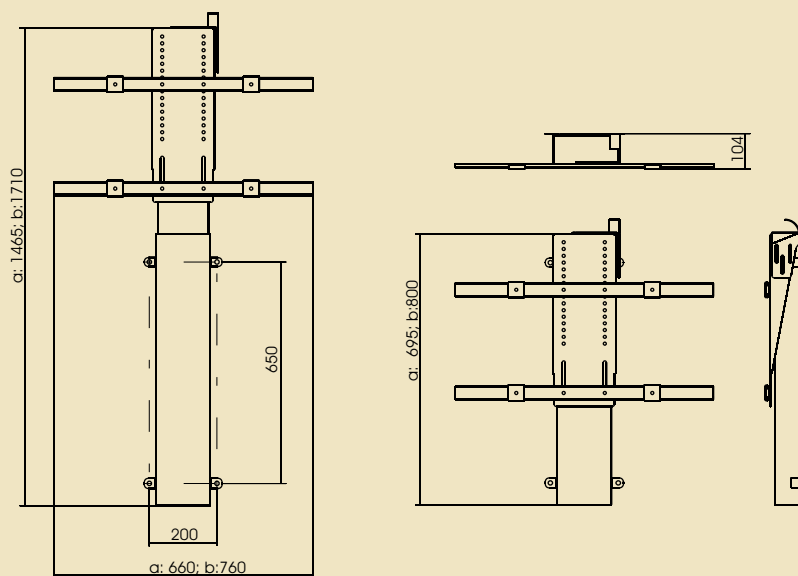

Advantages of the lift: makes interesting interior designs with a TV possible in distinctive interiors with free space and automation systems (intelligent home systems).

Functionality: quiet, reliable operation; comfort of use; easy installation to a piece of furniture or wall; IR in standard.

Best models of lifts for plasma and LCD TVs ranging from 26" to 65". Used for installing a TV in a piece of furniture. It slides out from

the inside when needed and then leaves the interior free of any devices. For interiors with „character”.

Available models: • F-LIFT 46" (a);
• F-LIFT 65" (b)
