

VIZ-ART SIDE-LIFT PRO

Advantages of the lift: used in original projects with a TV that slides out horizontally, where comfortable use and high quality are important. SIDE-lift is chosen for modern interiors.

Functionality: precise and quiet operation; a part of the piece of furniture moves when the TV slides out; high precision of settings; Somfy drive; control options: IR and RF, Trigger and RS232, LVC, SMART Box.

to 140cm

Horizontal lift for TV sets that slides them out of the side of a piece of furniture, enclosure or partition wall (horizontally). Meets

the expectations of users and designers, and is practised in interesting interior designs with a TV that slides out of a fitting.
